

P-STOP WON'T GO INTO EFFECT TILL AUG. 5

Down Stops 10 Per Cent. and Means Saving of Thousands of Tons of Fuel.

Through the orders of the fuel administration provide that the skip-stop system for street cars shall be put into effect on August 5, and the city commission has approved the plan as it was presented to it. The order will not go into effect in Chattanooga until the station factors have been put in place. The place where the cars will stop will be indicated by a black triangle on a white border which will be placed on the trolley. It will probably take five days for these indicators to be put in place and according to officials of the company cars will not be varied from their regular stops at the station indicators are in place.

As estimated by the inauguration of this system, there will be an annual saving of about 500 tons of coal, which will amount in dollars to \$6,000.

Through the local street railway company, its power plant, which generates its current at Ocoee falls, and which has no power whatever is generated in Chattanooga, a considerable amount of coal is used by the power company for the three months of the dry season of the year. According to officials of the railway and light company they have been notified by officials of the power company to be able to generate power for local use as it becomes necessary for them to discontinue operations.

With the inauguration of the system, 10 per cent of the present stops will be eliminated. None of the stops in the up-town district will be away with and all stops which have been eliminated have been chosen for the most convenience of the passengers.

According to the report made by the street railway company to the commissioners, the total number of individual stops on the whole system to 1933. The total number of stops to be eliminated is 217. The total number of stops is 1,363 and the number of stops skipped is 329.

CAPT. HARRINGTON ARRIVES TO ORGANIZE MOTOR SCHOOL

Capt. Harrington, of Atlanta, Ga., who is head of the military motor corps there, arrived in Chattanooga Wednesday afternoon by automobile. She comes here for the purpose of organizing a motor corps in Chattanooga.

The meeting for organization was called for 3 o'clock at the Chattanooga Manufacturers association.

TOMORROW LAST DAY FOR PAYING SPECIAL TAX

Special attention has been called by Deputy Internal Revenue Sid Lucas to the fact that there are a number of special taxpayers who have not paid their government taxes and that after tomorrow it will be necessary for these taxes to be paid in order to avoid penalties.

Under the head of special taxpayers to the United States government fall the following industries: Manufacturers of oleomargarine, and retail and wholesale dealers in colored and colorless oleomargarine, brokers, pawnbrokers, proprietors of theaters, museums, circuses, proprietors and agents of public exhibitions, proprietors of bowling alleys and billiard rooms, manufacturers of cigars, tobacco and cigarettes, and dealers in narcotics.

Mr. Lucas urges that all people in the city, who are subject to these taxes, immediately make payment in order that further action may be avoided.

MRS. MEEK AT HEAD OF LIBERTY CHORUSES

In response to an official call by the women's committee of the Council of National Defense, local liberty choruses are organized in every state in the Union. Chattanooga members of the state board wired the national headquarters Tuesday advising the president that such an organization had existed in Chattanooga for the past twelve months, of which Mrs. John Lamar Meek is chairman. They also embodied in the telegram a request that Mrs. Meek be appointed chairman by the national board.

LITTLE ACCOMPLISHED AT COMMISSION MEETING

Tuesday afternoon's session of the board of city commissioners resulted in very little being accomplished, as few matters were brought up.

A resolution appropriating \$24,252.50 which was included in the old auditorium fund to the new building fund for the auditorium and soldiers' club passed the second reading.

On motion of Commissioner Herron the report of the Chattanooga Railway and Light company showing the steps under the proposed skip-stop plan was approved.

Don't waste your money on inferior work. Get the most for your money. Come over and let us explain.

Candidates Indorsed by Chattanooga Trades and Labor Council

For Sheriff R. P. BASS

For Legislature A. L. EMERSON

For Justice of the Peace (First Civil District) FRED M. DEARING

For Justice of the Peace (City of Chattanooga) J. J. BORK

For Constable (Second Civil District) FRANK HENDRIX

These candidates have been indorsed by organized labor, and this indorsement was reaffirmed Tuesday night by unanimous vote at a mass-meeting of over 400 trades unionists. Other candidates claiming to have been indorsed are simply trying to mislead the voters.

Chattanooga Trades and Labor Council

F. T. CARTER, President.
MATT GERLACH, Secretary.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection and Can Be Permanently Relieved.

Rheumatism means that the blood has become saturated with uric acid.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the blood and joints become sore and swollen with rheumatism, it is not a thing to take a little salve and by rubbing it on the sore spot, expect to

get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison lurks and which is not affected by salves and ointments. It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood purifier that has stood the test of time, having been in constant use for more than fifty years. It will do for you what it has done for thousands of others, drive the rheumatic poisons out of your blood, making it pure and strong and enabling it to make you well. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach.

Write the physician of this Company and let him advise with you. Advice is furnished without charge. Address Swift Specific Company, 435 Swift Laboratory, Atlanta, Ga.—(Adv.)

T. P. McMahon Candidate State Senate Democratic Primary

wants to apologize to his friends for not being able to speak at Houston Park last night on account of engine troubles in the north end of the county.

As one of the oldest members of organized labor and one who has paid more money for the labor cause than any other man in Hamilton County, I would rather be defeated myself than see John K. Shields lose this county.

T. P. McMAHON.

ABOVE THE AVERAGE—A Pure Havana Smoke

Exactly what its name implies—Above the Average. You'll say so after a few fragrant whiffs. Made of the choicest Havana tobacco—wrapper and filler. Try one—at your dealer's.
